

DOL AUDIT SCORECARD

Being selected for a Department of Labor (DOL) audit can have serious consequences for an employer. According to a DOL audit report for the 2016 fiscal year, nearly 7 out of every 10 investigations resulted in penalties or required other corrective action, such as paying amounts to restore losses, turning over profits and ensuring claims were properly processed and paid.

Answer the questions below to determine if your organization is at risk for penalties.

INSTRUCTIONS: Begin by answering the questions below. Each response will be given a numerical value depending on the answer. After completing the questions, total your score using the scale at the bottom of the page.
